Important Questions	Answers		Why this Matters:
	In-Network	Out-of-Network	
What is the overall <u>deductible</u>?	\$0 Individual / \$0 Family	\$250 Individual / \$500 Family	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there other <u>deductibles</u> for specific services?	No.	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an <u>out-of-pocket limit</u> on my expenses? (May include a co-insurance maximum)	\$6,350 Individual / \$12,700 Family	\$12,700 Individual / \$25,400 Family	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u>?	Premiums, balance-billed charges, any pharmacy penalty and health care this plan doesn't cover.		Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Is there an overall annual <u>limit</u> on what the plan pays?	No.		The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <u>network of providers</u>?	Yes. For a list of in-network providers, see www.bcbsm.com or call the number on the back of your BCBSM ID card.		If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart starting on page 2 for how this plan pays different kinds of providers .
Do I need a referral to see a <u>specialist</u>?	No.		You can see the specialist you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.		Some of the services this plan doesn't cover are listed on page 5. See your policy or plan document for additional information about excluded services .

Questions: Call the number on the back of your BCBSM ID card or visit us at www.bcbsm.com. If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at <http://www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf> or call the number on the back of your BCBSM ID card to request a copy.

- **Co-payments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Co-insurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **co-insurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use in-network **providers** by charging you lower **deductibles**, **co-payments** and **co-insurance** amounts.

- If you are also covered by an account-type plan such as an integrated health flexible spending arrangement (FSA), health reimbursement arrangement (HRA), and/or a health savings account (HSA), then you may have access to additional funds to help cover certain out-of-pocket expenses – like the deductible, co-payments, or co-insurance, or benefits not otherwise covered.
- Non-Emergency care when traveling outside the U.S.
- Private-duty nursing

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan by calling the number on the back of your BCBSM ID card. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact Blue Cross and Blue Shield of Michigan by calling the number on the back of your BCBSM ID card. Or, you can contact Michigan Office of Financial and Insurance Regulation at www.michigan.gov/ofir or 1-877-999-6442. For group health coverage subject to ERISA, you may also contact Employee Benefits Security Administration at 1-866-444-EBSA (3272).

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as “minimum essential coverage.” This plan or policy does provide minimum essential coverage.

Does this Coverage Meet the Minimum Value Standard?

In order for certain types of health coverage (for example, individually purchased insurance or job-based coverage) to qualify as minimum essential coverage, the plan must pay, on average, at least 60 percent of allowed charges for covered services. This is called the “minimum value standard.” This health coverage does meet the minimum value standard for the benefits it provides. (**IMPORTANT:** Blue Cross Blue Shield of Michigan is assuming that your coverage provides for all Essential Health Benefit (EHB) categories as defined by the State of Michigan. The minimum value of your plan may be affected if your plan does not cover certain EHB categories, such as prescription drugs, or if your plan provides coverage of specific EHB categories, for example prescription drugs, through another carrier. In these situations you will need to contact your plan administrator for information on whether your plan meets the minimum value standard for the benefits it provides.)

To see examples of how this plan might cover costs for a sample medical situation, see the next page.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much insurance protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care also will be different.

See the next page for important information about these examples.

Please note: Coverage Examples are calculated based on individual coverage.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **co-payments**, and **co-insurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

- ✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different, based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- ✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- ✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- ✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **co-payments**, **deductibles**, and **co-insurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
