One Game...One Goal...One Team

Dear Memorial Families,

We have one month of school under our belts and our students are settling into their daily classroom and school routines very nicely. Please continue to reinforce the importance of following the expectations at school for it is our goal that ALL students are safe and love being at their school every day! Thank you for your partnership in your child's education!

Best always,

Jennifer Sheldon, Principal

School Visitors

We love to have school visitors and we know parents/guardians like to walk their child to their classroom in the mornings. It is never our intention to make anyone feel unwanted into our building; however, for the safety and wellbeing for all... YOU MUST check in at the office before heading down a hallway. PLEASE know that our world has changed so what was safe and allowed when you were in school, sadly, has changed due to extreme tragedies that have taken place in our world today. Thank you for understanding that we try our very best every day to keep all within our school building safe... so please cooperate with this safety request! Thank you!
